- GFCI outlets within six feet of water including exterior, unfinished basement, garage, kitchens, bathrooms, laundry tub area, etc.
- Handrails when there are four or more risers present (pertains to interior and exterior stairs)
- Proper venting of hot water tank and furnace
- When a window is not present, mechanical ventilation is required in all bathrooms
- Fire extinguishers (rental properties only)
- Electrical wiring in good condition
- Plumbing must be in compliance with the International Plumbing Code
- Integral garage ceilings must be completely separated from living space (fire rated 5/8" drywall)
- Must have solid wood/steel door between basement and an integral garage (20 minute minimum rating)

Please print clearly. Illegible and incomplete forms will not be accepted. Please remit payment of \$150.00 per occupancy for inspection. Each Subsequent Recall or Re-Inspection \$ 75.00. Check, cash, and money orders are accepted and made payable to Baldwin Borough. No inspection will be scheduled without payment.

Violations discovered during a requested Occupancy Permit inspection may not disqualify the unit from occupancy consideration but could result in a Temporary Occupancy Permit being issued with follow up re-inspection to ensure that deficiencies were corrected.
